Message from the Compliance Officer,

Welcome to LeMoyne-Owen College. The college considers the safety of its students, employees, visitors and other guests to be a high priority. The Campus Safety Department is available 24 hours a day, patrolling and responding to requests for service.

The men and women of Campus Safety are committed to providing a safe environment conducive to living, learning, and working. We do this through crime awareness education, patrols, communications and security services. We strive to enrich and support the college's mission.

We realize that no campus is immune to crime; however, we believe that we can maintain a safe environment at LeMoyne-Owen College, if the entire college community works with us to ensure that we have an atmosphere of safety. We ask that all students, faculty and staff become active participants in crime prevention by reporting suspicious activity, suspicious individuals, and by reporting any criminal activity that they may observe. Students, faculty and staff can also assist us by always wearing their college-issued identification while on the campus.

RESIDENCE HALL EMERGENCY PREPAREDNESS

In order to insure the health and safety of residents, the college has established the following procedures in residence halls:

1. Know in advance where to take cover in your bedroom, shower, common area and on campus (i.e; basements of Brownlee, Steele, Gym, Library).
2. Be aware of where windows and mirrors, heavy wall hangings or bookcases are located.

During Earthquakes

DUCK and COVER. The best place to take cover is under a desk, or in the doorway of your room. Stay away from outside walls.

Try to remain inside your room. You are much more likely to be hurt, if you enter an area where there is flying debris.

After the shaking has stopped

If you or someone else in your room needs assistance, hang a help sign in your window area.

Exit the building using the nearest available and unblocked staircase. Once you are out of the room (Saxon), go to the north end of the parking lot near the Counseling Center and stand at least 30 yards from the building.

Neptune I and II go to the west of your dormitory out on Neptune Street 30 yards from the building.

If you notice the smell of gas, be sure to report this right away to Campus Safety (301-7340).

Residence Life Staff along with Campus Safety should begin conducting a head count in order to account for all students. Maintenance and Campus Safety will conduct a search of buildings.

Do not re-enter any buildings, unless you are authorized to do so by a college official.

RESIDENCE HALL EMERGENCY PREPAREDNESS

During Severe Weather

Stay clear of windows and doors that lead to the outside. Go to the lowest level of the building that you are in and do not attempt to go outside of the building. Sit with your knees up, head down and hands covering your head. Stay inside until given instructions to evacuate. If someone needs assistance, hang a help sign in your window. If your building is evacuated, go to the north end of the parking lot near the Counseling Center. Resident Assistants and Security will conduct head counts to account for all students. Maintain contact with Security Staff for revised weather updates.

FIREARMS

The possession or carrying of firearms, any type of explosives (including firecrackers), chemicals or other weapons are strictly prohibited on the campus. This includes hunting bows, arrows, box cutters and knives.

STUDENT RESPONSIBILITY

The cooperation, involvement, and personal support of students in the campus safety program is crucial to the success of this program. Students must assume responsibility for their own personal safety and security of their personal belongings by using common sense precautions. Students should be aware of their environment and surroundings at all times.

Exterior doors to residential areas should **NEVER** be propped open.

Room doors should **always remain locked**, even when you leave for a short time.

Residents should know visitors, and ask for identification before allowing anyone access to their room or a campus building.

Keep keys with you at all times and never lend them.

Cars should be parked in a lighted area and kept locked. **Do not leave** valuables in your car, unless locked in the trunk.

Report any suspicious individuals to Security or Housing Personnel immediately.

Public Crime Logs

Due to recent new attention focused on monitoring the safety of students on college campuses, Crime logs are being made available for public viewing during normal business hours (Monday through Friday). Crime logs contain the nature of incidents, date of occurrence, and the general location where the incident occurred. Crime Logs are prepared monthly and are kept in the Compliance Office in Brownlee Hall 3rd Floor.

Lost and Found

Campus Security will account for any lost property that is reported. Persons finding lost items should hand such items over to Campus Security. All lost and found items will be retained for three months or until claimed by the owner.

CAMPUS CRIME PREVENTION

Campus Security would like all members of the campus to be safe. To ensure that the campus community is as safe as possible, we offer the following suggestions:

3. If you must carry a purse, carry it close to your body with the clasp closed.
4. If possible, utilize ATM machines during daylight hours that are located inside commercial establishments.
5. Never leave your purse or valuables unattended.
6. When returning to your car, be alert to suspicious persons or vehicles in the parking lot.
7. Have your keys in hand avoid any unnecessary delays in entering your vehicle. Lock your doors after entering the vehicle.
8. While driving home, remember to buckle your seat belt, and please don't drink and drive.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act that requires colleges and universities across the United States to disclose information about crime on and around their campuses.

Because the law is tied to participation in federal student financial aid programs, it applies to most institutions of higher education both public and private. It is enforced by the U.S. Department of Education.

The "Clery Act" is named in memory of 19-year-old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986.

Student Housing and Judicial Affairs Officers must keep statistics on the following crimes and the number of people referred for disciplinary action for drug, liquor law and weapons violations.

Arson, Criminal Homicide-Manslaughter by Negligence, Criminal Homicide-Murder and Non-negligent Manslaughter;

Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Weapon Law Violations, Drug Abuse Violations, Liquor Law Violations.

The primary purpose of access control at LeMoyne-Owen College is to monitor movement of persons on campus. Campus Security's responsibility is to ensure that all persons on campus, who are not students, faculty or staff, be issued the proper visitor's badge. Persons visiting a specific department should stop at campus security to obtain a visitor's badge. Vendors/Contractors must also check in with security to receive a contractor's badge. Unauthorized persons found on campus will be deemed trespassers and may be subject to criminal prosecution.

All students, faculty and staff are **required** to have a current LeMoyne-Owen Identification Badge. The badges are to be visible, worn the outer clothing at all times while on campus.

Citywide Early Warnings

The city of Memphis has a siren system which, when activated, will alert the general public to tune into radios to the Emergency Broadcast System stations for receipt of emergency instructions. The initial sounding of the siren system will not necessarily require evacuation of the campus, but may include certain protective actions with instructions to listen to the radio or television for further instructions.

For more information regarding Emergency Management and Response please refer to the following resources:

LeMoyne-Owen College Emergency Response and Contingency Plan. This Manual can be reviewed in the Compliance Office in Brownlee Hall 3rd Floor or on the College website.

CAMPUS NOTIFICATION AND WARNING SYSTEM

A. Responsibilities

The Compliance Officer (EOC Director) has the primary responsibility for promptly notifying the campus community when warranted by an emergency situation. Notification of the community will involve both warning that an emergency condition exists and the issuance of appropriate instructions.

The Security Office is the primary point on campus for receipt of warnings from local and state officials. Warnings may be received via public radio, telephone or other designated agencies.

B. Warning and Notification Systems

Telephone Activation System. In the event of an emergency, the Compliance Officer will notify various areas of the campus (i.e., residence halls) identified in the Campus Emergency Notification List. There is a maximum of 19 personnel to be contacted in the immediate areas. Persons contacted will be given general instructions and advised to assist in implementing appropriate emergency actions for their particular areas of responsibility or general location.

Loud Speakers or Voice Command. Notification of the campus community can also be made through the use of mobile vehicles and hand-held public address units. Emergency personnel will also make on-site voice commands.

Campus Bell and Fire Alarm Systems. Notification of the campus community can be made by ringing the bell, and activating the Fire Alarms in campus buildings.

E2 Campus Text Messaging System. Notification of the campus community can be made by the emergency text messaging system. The campus will receive emergency messages via text and email with instructions that may require evacuation and/or protective actions to take.

Citywide Early Warning Systems (Sirens).

Three sirens are located on South Parkway, Bellevue and McLemore Streets. When activated, they may be heard throughout the entire campus. Citywide warnings are activated when there is a potential threat in Shelby County.
