LeMoyne-Owen College to hold a *Tips to Transfer* Session for Victory University and Other College Students

Counselors from financial aid, enrollment, records, athletics and each academic division will be on hand **Wednesday, March 12 at 6 p.m.** to provide information on how to successfully transition from Victory University to an institution of their choice.

**MEMPHIS, TN (March 7, 2014)** The public is invited to the campus of LeMoyne-Owen College, 807 Walker Ave., for the *Tips to Transitioning* session **Wednesday, March 12 at 6 p.m.** where LeMoyne-Owen College faculty and staff will deliver critical information on how to make a smooth transfer from Victory University.

They will discuss what documents, i.e. transcripts and financial records, that students need and how to get them. Financial aid consultants will discuss applicable federal regulations and the steps students must take to reapply for financial aid. Representatives from athletics will be on hand to inform student athletes of NCAA regulations as they relate to player eligibility.

For those students who may consider LeMoyne-Owen College as their college of choice to continue their journey to the commencement stage, faculty from each academic area will be there to review students’ unofficial transcripts and advise them of the best way to chart their academic course in order to minimize or eliminate any delays toward graduation. Representatives from Enrollment Management and Admissions will be on hand to help these students enroll at LOC and answer any questions on how to apply for scholarships.

Students are advised to bring copies of their unofficial transcripts the Alma C. Hanson Student Center where the session will be held. For those who want to enroll, shot records, ACT scores (if under 21 years old), and high school transcripts for those students who have earned less than 35 college semester credit hours are needed to complete the application process. For more information about the *Tips to Transfer* session, contact Dr. June Chinn-Jointer in Enrollment Management at (901) 435-1500.
