SAFETY
Compliant to the Clery Act the College must disclose the following policies and practices.

Reporting a Crime

MAIN CAMPUS
Members of the College community are urged to immediately notify the Department of Campus Safety of any criminal activity or other emergency that occurs on campus. The Department of Campus Safety personnel will respond quickly and initiate whatever action is necessary to
resolve the emergency, including the activation of off-campus police, fire or medical agencies when appropriate. A special 24-hour emergency number, (901.301.7340), has been designated and advertised throughout the campus community, in addition to 911.

CONFIDENTIAL CRIME REPORTING
To encourage the prompt reporting of all crimes, it is College policy to honor the requests of witnesses and victims who wish to keep their identity confidential. The purpose of an anonymous report is to take some steps to ensure the future safety of the reporting person and others while protecting her/his identity. The College can use such information to keep accurate records about the number of incidents, look for patterns concerning location or methods of operation, and alert the campus community to potential danger. If a victim wishes to file an anonymous report, they may contact those that are designated as "Campus Safety Officials" which include the Office of Student Affairs, Office of Residence Life, College Counseling Center, Office of Judicial Affairs, and Athletic Department. Confidential reports are to be given to the office of Campus Safety immediately to ensure proper reporting of crime statistics. The College will not permit retaliation against anyone who, in good faith, brings a complaint of acts of aggression, harassment, or violence or serves as a witness in the investigation of a complaint of campus violence.

Timely Warning Notices
It is College policy to issue special notices in a timely manner to publicize violent crimes or perceived patterns of crime in a particular area to heighten awareness and help prevent reoccurrences. Campus-wide warnings may be issued using some or all of the following methods: e2 Campus, Mass Emails, and posting alerts on bulletin boards throughout campus. Alert notices are placed in particular buildings or areas that have been targets of criminal activity.

e2 Campus Emergency Alert
e2 Emergency Alert refers to a text messaging notification system that can be used to contact students and employees in the event of an emergency. This system will be utilized in addition to LeMoyne-Owen current emergency mass communication methods. Individuals must subscribe to the e2 Campus Emergency Alert system to receive an alert via the following methods: Mobile devices - Text messages (SMS) Campus Emails, College Website:
To sign up for e2 Campus, go to www.loc.edu and click on the link that says “Get Connected.”

Daily Crime Log
The Department of Compliance maintains a log of all criminal incidents reported to the Campus Safety Department. The daily crime log includes the date and time the incident occurred, the nature of the offense, the location of the offense and the disposition if available. The daily crime log is available for public inspection in the Compliance Office located in Brownlee Hall during normal business hours.

Public Record of Sex Offender
Information provided by the Memphis Police Department Cyber Alert under Section TN.T.C.A (40-39-203) Code, and the Tennessee Bureau of Investigation concerning registered sex offenders subject to community notification, may be obtained in the office of Compliance. http://www.tbi.state.tn.us/sex_offender_reg.shtml
Firearms Policy
The use or possession of firearm, or other weapons by students, employees or visitors while on campus is not permitted. This includes individuals who possess a permit to lawfully carry a firearm. Failure to report the presence of illegal or unauthorized presence of firearms explosives, other weapons, or dangerous chemicals or use of any such item to an appropriate College official is a violation of the College standard and will result in disciplinary action.

Criminal History
It is the procedure of the College that all new employees must undergo a pre-employment screening process that has certain minimum elements and additional aspects depending on the nature of the duties involved. This procedure applies to all new hires as full-time administration and staff, non-faculty employed by the College. Students who hold full-time employment at the College must undergo the same prescreening process. The application for admission to College does request information concerning any previous, criminal convictions. The College recognizes its responsibility to ensure the safety of the campus community and will evaluate enrolled students’ status in the event of their criminal conviction in public court.

Alcohol and Drug Policies

Alcohol Policy
All matters relating to alcohol are governed by the Tennessee Liquor Code. No person under 21 years of age is permitted to purchase, consume, transport or possess an alcoholic beverage. No student may keep or consume alcoholic beverages within their individual residence hall rooms, or at social functions on campus. All violations of the College alcohol policy will be subject to criminal prosecution as well as to College disciplinary sanctions. See the LeMoyne-Owen Student Handbook page 26, 65.
Drug Policy
LeMoyne-Owen College Campus Safety will enforce state and federal laws concerning illegal drugs. Anyone who is reported for being in possession of using, selling, or manufacturing illegal drugs may be arrested and prosecuted. Students who are apprehended for the use or possession of illegal drugs, on or off campus, will be suspended from the College. Students found guilty of the sale, distribution, and possession of unlawful drugs, on or off campus, will automatically and immediately be separated from the College. See the LeMoyne-Owen College Student Handbook page 65.

Sexual Assault Policy
The Sexual Assault Policy which serves to protect the right of each member of the College Community. All students are responsible for their own actions and are expected to maintain high standards of moral and ethical behavior as well as comply with local, state and federal laws. Sexual Assault is a violation of the Student Code; it involves physical contact of a sexual nature which is against one's will or without one's consent. See the LeMoyne-Owen Student Handbook page 30.

WHAT TO DO IF SOMEONE YOU KNOW IS SEXUALLY ASSAULTED

Get to a Safe Place - Following an assault, the primary concern is to get the victim to a safe place. Once there, the victim has several options to consider:

1. Contact the Campus Safety Department and Memphis Police Department - Sexual Assault is a crime and victims have the opportunity to press charges both on and off campus. If the assault happened on campus, the victim can contact Campus Safety at x1464. If it occurred off campus, she/he can contact Memphis Police at 911.

2. Call the College Counseling Center - Counselors offer support and can make appropriate referrals based on the needs of a victim. They are confidential, free and available 24 hours a day. Call 901-435-1738 to be put in touch with a counselor.

3. Contact someone trusted - Victims are encouraged to contact someone they trust such as close friend, family members, College Counseling Center.

4. Seek Medical Attention - All survivors of sexual assault are encouraged to seek medical attention immediately after the assault to ensure their physical well-being. Even if there is
no external physical injury, survivors can be tested for sexually transmitted diseases, pregnancy and internal trauma. Preservation of physical evidence is important to the successful prosecution of offenders. In order to preserve such evidence, survivors should not shower, douche or change clothes or bedding before seeking medical attention. Also, if oral contact was made, survivors are asked not to brush their teeth, smoke or eat. Evidence can be collected at area hospitals, including the Rape Crisis Center.

**REPORTING AN INCIDENT TO LEGAL AUTHORITIES**

The purposes for reporting an incident are: to protect yourself and others from future victimization; to apprehend the assailant; to, in some way, seek justice for the wrong done to the victim. Victims have the option to report the incident immediately to the LeMoyne-Owen Campus Safety at 901.301.7340.

Reporting an incident is different from choosing to prosecute. Filing a report does not obligate the victim to continue with legal proceedings or College disciplinary action. The victim can choose whether or not to participate in proceedings at any point in the process.

**CHANGING LIVING ARRANGEMENTS**

If necessary, and/or at the request of the victim, the living arrangements of the individual(s) involved may be changed, especially if the individual(s) involved are currently assigned to the same residence hall. If the victim wishes to be relocated, then she/he will be given that option. If the victim wishes to remain in her/his current assignment, then the alleged perpetrator will be reassigned to a different residence hall or temporarily suspended. The Resident Director or Dean of Students must be contacted to ensure that this procedure occurs. If necessary, and/or at the request of the victim, changes will be made in the academic environment to ensure the safety and well-being of the individual(s) involved. The professional staff member involved will be responsible for initiating these changes.

*The College observes the Family Educational Rights and Privacy Act (FERPA) in regard to confidentiality and disclosure practices.*

Reporting Criminal Incidents
Members of the College community are urged to notify the Department of Campus Safety or any Campus Security Official immediately of any criminal activity or other emergency that occurs on campus. Department of Campus Safety personnel will respond quickly and initiate whatever
action is necessary to resolve the emergency, including the activation of off-campus police, fire or medical agencies when appropriate. (x 1464) 901-301-7340 has been designated and advertised throughout the campus community, in addition to the city's 911.

Confidential Crime Reporting

A victim or witness to a criminal offense may decide she/he does not want to pursue action or desires to keep their identity confidential. The person may want to consider having an anonymous report made. The purpose of an anonymous report is to take some steps to ensure the future safety of the reporting person and others while protecting her/his identity. The College can use such information to keep accurate records about the number of incidents, look for patterns concerning location or methods of operation, and alert the campus community to potential danger. If a victim wishes to file an anonymous report, they may contact the Compliance Office.

Victims may also report criminal offenses to:

- The Office of Student Affairs
- Office of Residence Life
- College Counseling Center
- Office of Judicial Affairs
- Athletic Department

The Offices will be responsible for communicating criminal offenses and/or incident immediately to Campus Safety.

The College makes every effort to ensure that the campus facilities, buildings and grounds are designed and maintained in such a way as to promote safety and reduce criminal opportunity. **e2 CAMPUS EMERGENCY ALERT**

e2 Emergency Alert refers to a text messaging notification system that can be used to contact students and employees in the event of an emergency. This system will be utilized in addition to LeMoyne-Owen current emergency mass communication methods. Individuals must subscribe to the e2 Campus Emergency Alert system to receive an alert via the following methods:

Mobile devices - Text messages (SMS)
Campus Emails, College Website

**Situations which may require sending an e2Campus Alert:**

- Imminent danger, including a major fire or shooting
- Imminent disaster, including an earthquake or flood
- **Severe weather**, including tornado warnings

Sign up to receive e2Campus Alerts now!
Major interruptions of campus operations, such as snow closings

**Text Messages**

The e2Campus Alert text-messaging system has no advertising messages or spam. The messages will be brief, no more than 120 characters. Note: Check with your cell-service provider about possible fees when you receive these messages.

The text will state the nature of the emergency or disruption so you can take appropriate action. Because these messages are sent through different cell providers, some people will receive them more quickly than others. You should be sure to inform other people when you receive an e2Campus Alert. Text messages also may be delayed by other traffic.

**Testing**

The e2Campus Alert System will be tested at least once a semester. You will receive a test of the e2Campus Alert System via email and text messages on your cell phone if selected by you.

**Crime Prevention**

Crime Prevention reduces the incidence of crimes against persons and property on the College campus through public education. In an effort to promote community awareness, it is the desire of the Department of Campus Safety to establish a working relationship with the College community. We hope to accomplish this through making public education programs available to students, faculty and staff. Any individual or group interested in attending or scheduling a program is invited to contact the Compliance Officer at 901.435.1465 or (x1465).

- Drug and Alcohol Abuse Awareness
- Traveling Alone Safety
- Street Smarts
- First Aid/CPR/AED
- Vacation Safety

**Emergency Situations**

**Emergency:**

An incident that threatens human life, health, or safety, or College property, including:

1. Natural disaster such as weather (tornado, flooding or snow) and biological (epidemic or pandemic)
2. Manmade disaster including fire, explosion, building collapse, hazardous material spill, shooting, terrorist act, riot or protest

**Seek Shelter/Stay in Place:**

*Seek Shelter/Stay in Place* is the first phase of building security. It will be initiated very early on in an emergency, once it has been determined that an emergency exists or there is a reasonable probability that a life-threatening emergency exists. Members of the LeMoyne-Owen community that may be affected by the emergency will be notified.
Generally, a notification will be initiated by the e2Campus. At this early phase, the Campus Safety Officers will alert individuals of potential danger; the individuals must rely upon their own common sense to evaluate their surroundings and circumstances and remove themselves from any danger they can immediately recognize by moving to an area of safety. When it is determined by Campus Safety that the building is safe, an “All Clear” e2Campus message will be sent.

**Situations which may require individuals to Seek Shelter/Stay in Place:**

- Severe weather
- Hazardous material release
- Suspicious intruder
- Hostage situation
- Other dangerous situations as determined by Campus Safety

Keep students in class or in their Residence Hall until Campus Safety give the all-clear signal. Stay away from windows, doors and outside walls. Authorities may not be able to provide information about what is happening immediately. Account for everyone who arrives in the shelter. Stay in the shelter location until you receive an all-clear message from Campus Safety.

**In the event of severe weather:**

Basements generally offer the best protection. Otherwise go into an interior room or hallway on the lowest floor possible. Basements are located in Brownlee Hall, Sweeney Hall and Steele Hall; Large Lower Level Hallways are located in GOH, Student Center and Bruce Hall.

**In the event of an intruder:**

Secure doors and seek concealment away from windows and doors. Turn off the lights and close the blinds if the room is so equipped. Refer to Active Shooter Checklist for more information.

**Card Access Only:**

When it has been determined that building security would require limiting access (usually to prevent entry by a non-affiliated person) into a building that is open at the time of the emergency, the building will be secured and restricted to card access only by previously authorized card access holders that may seek shelter inside. When it is determined by Campus Safety that the building and the area is safe, the building will be reopened based on normal hours.

**Closing:**

When an emergency exists, it may be determined that for the safety and security of individuals in an area, a building be secured (including card access doors) to deter entry by everyone, including those who have been previously authorized for card access.
The College community will be notified by the e2Campus System of any closing of a building during an emergency (other than for a fire/fire alarm where audible and visual alarms are universally recognized as an order to leave and stay out of a building). When it is determined by Campus Safety that the building and the area is safe, an “All Clear” e2Campus message will be sent and the building will be reopened based on normal hours.

Evacuation:

Evacuation is the phase of building security which involves the mandatory exiting and removal of all persons that are non-essential to rectifying or mitigating an emergency, from a building. An e2Campus Alert message will be issued when a building has been evacuated for any emergency, other than a fire or fire alarm. When it is determined by Campus Safety that the building and the area is safe, an “All Clear” e2Campus Alert message will be sent and the building will be reopened based on normal hours.

Emergency Communication Methods

In an emergency, notification will begin immediately and may use one or all of these methods:

• e2Campus Alert
• Mass e-mail, and website
• Campus Hotline: x1465 from campus phone or 901.435.1465 (Recorded message regarding cancellations, delays, or emergency issues)
• Local/Regional radio, television
• “Bullhorn”: handheld PA devices

Campus Lock Down

Lockdown means that there is a possible threat or possible imminent danger to the campus. Security will go into an Emergency Response Mode and will begin to secure all campus buildings and gates. Faculty, staff and students, at that time, are requested to stay in whatever building, classroom, etc., until a clear from Security or Law Enforcement Officials is given. Lockdown situations will always be given through the e2Campus Text Messaging Alert System, Campus E-Mail, and through Campus Safety personnel.
